Will they go to others easily? _____ Because in modeling and acting they will always be around people they don't know, and they need to be "ok" with this and not cry or scream when you walk away. This is pertaining to when they are filming the TV commercial or taking the photos for the print ads, etc. So it's very important they are "ok" with other people holding them or "pretending" to be their Mom or Dad or sibling, for the film, photos, or commercial.

Are you, as the Parent, willing to do modeling or acting with your child if the Client asks? If so please attach a current photo to this form. Photos can be snapshots.
